

Faculty,

Whether you've never heard of the Honors Program or helped us start it decades ago, please take a few minutes and review some of our information and benefits for our students.

**For Students:**

If you have no interest in getting involved yourself, please share the student video and contact info with students and encourage them to learn more about it.

**Student Videos:**

Share this with your students or post it on Canvas:

**Benefits of the Honors Program:**

Smaller classes, dedicated faculty, campus leadership roles, high-impact learning, research opportunities, high rates of transfer to universities, membership in honor societies, and scholarship opportunities.

### **Joining Honors**

- 3.4 GPA High School or College GPA
- Faculty Referral
- Veterans and Returning Students
- Dean's List and President's List Students

### **Honors Transfer Council of California Transfer Partnerships**

- Students completing our honors program as "honors certified" enjoy enhanced transfer consideration:
- priority acceptance consideration, special scholarships, housing priority and a range of other academic and social benefits such as library privileges even before transfer.

### **Developing New Honors Courses**

- IGETC Courses
- Major Prep

### **Scheduling Honors Courses**

Most of our honors students transfer so offering classes that facilitate transfer is key.
